The Nautilus

The living organism, the Nautilus, is a chambered sea creature which, each year develops an additional chamber as its evidence of growth.

The yearbook records the progress and growth of the school each year as does the nautilus.

1924 saw the first yearbook bearing the name "Nautilus". It has since then become a vital part of Mifflinburg High School.

The class of 1962 is proud to continue in this growing record of our school

NAUTILUS

Oh, Nautilus, thou ship of state
Sail on! Sail on!
Nor ever cease to relate
The tales once acted

That we love to Commemorate
In all thy glory, thou pride of M. H. S
Sail on! Sail on!
When the sea is tossed, never fear,
But stand steadfast with straining ear

Within thy hull thy true merit lies! So
Sail on! Sail on!
Thy bulwark must be spared,
But 'tis damage to the innards
That cannot be repaired.

Mrs. J. Thomas Houghton (Lance) '32

Dedication . . .

Mindful of the great responsibilities involved in the dedication of this Yearbook we feel we have chosen a person who is loved and respected by the faculty and by the student body. This teacher has graciously contributed her time and knowledge to the betterment of the Senior Class and the school.

After three years of close association with her we have come to admire and respect her as one of us. With this, the class of 1962 confers on Miss Virginia Reimensnyder the honor of the dedication of this Senior annual, the Nautilus.

EDITORS - R. WHITMYER - A. LAUVER
NAUTILUS STAFF

Foreword . . .

The Nautilus — our gift to the underclassmen. To the seniors the Nautilus is a symbol of twelve impressionable years. For it is in these early years that our minds are molded and trained to be the leaders of tomorrow.

However, in time our seemingly mature experiences will be but mere shadows in our memory. As we merge in society, we will constantly be occupied by strange and novel experiences.

It is our sincere wish that in later years we can sit down to the comfort of of the nineteen sixty-two Nautilus and relive our association of happy school life.

Nautilus Staff

The nineteen sixty-two Nautilus Staff was composed of a representative group of seniors, working as one body to record a historical period of their life. Many hours of hard labor went into the preparation, composition and completion of the Nautilus. We feel the success of the book is due to the fine cooperation of the staff members. We take great pride in presenting it to the seniors and underclassmen, hoping that all who read its message will get to know us as we are.

WESTERN AREA JOINT SCHOOL DISTRICT
MIFFLINBURG, PENNSYLVANIA

Dear Seniors:

On the eve of your graduation, may I as a man who has lived the greater part of his allotted three score years and ten call your attention again to the divinely simple doctrine of the Golden Rule. Each of the seven great living religions contains a version of the Golden Rule.

The Hindu says: "The true rule is to guard and do by the things of others as you do by your own."

The Buddhist: "One should seek for others the happiness one desires for himself."

The Zoroastrian: "Do as you would like to be done by."

The Confucian: "What you do not wish done to yourself, do not to others."

The Mohammedan: "Let none of you treat your brother in a way he himself would dislike to be treated."

The Jewish: "Whatsoever you do not wish your neighbor to do to you, do not unto him."

The Christian: "All things whatsoever ye would that men should do unto you, do you even so to them."

As you face the difficult years ahead, try every action with the Golden Rule to see if it is measurable by this universal ideal and then act accordingly. If you do, your life will be a success, and that is our sincere wish for you.

Secretaries - Nurse - Cafeteria Workers

OUR HARD WORKING OFFICE STAFF

Room Service please! I am tempted every time I see Mrs. Shively's smiling face to ask for room service, but realize it is only the school office. As you glide by the school office you may see Miss Hackenburg busily typing the bulletin. The Bulletin informs the teachers as to whom is playing hookey for the day and who is putting the library in debt. The screaming from the inner office is a direct decision of the Board of Education - - - - By noon, Mrs. Mensch is feeding the students, Mrs. Shively is giving out aspirin's, Mrs. Beckley's changing money, Mr. Cameron is eating, Miss Ruhl's lying down space is filled and Miss Seebold is wishing the day was over. When the final bell rings, Mr. Young directs traffic in the halls and everybody closes shop, bidding farewell for the day.

The Junior High Band consists of thirty members from grades seventh, eighth, and ninth. The band appeared as a separate unit in the Halloween Parade.

In the annual Christmas program in conjunction with the school choruses, the band provided the instrumental portion of the program.

The band also plans to appear in the Memorial Day Parade at New Berlin and also participate in the annual spring concert.

Mr. Day

Senior High Majorettes

Front Row, l to r: L. Murray, L. Prutzman.

Second Row, l to r: S. Bilger, K. Zimmerman.

The Majorettes are composed of four girls, attractively attired in gay costumes that lends color to the band and movement in their performances. They are the connecting link between the band and spectators, and they become the silent law in the music of the band. Their devotion to the band rehearsal is a credit to the organization.

Activities Summary

Mifflinburg High School has many activities that present to the student body many opportunities to enrich their extra curricular life. The activities are classified as social, governmental, vocational, professional, and cultural.

The Senior High Mixed Chorus consisting of 240 members has gained a high standing in both the high school and the community since its beginning in 1956. It trains the members of the chorus to appreciate music of all types. Its main objectives through the year is to produce a Christmas Vesper Service, Fashion Show, Spring Concert, and informal programs.

The Junior and Senior High Bands greatly contribute to the musical culture of our school. The bands are under the careful direction of Mr. Shirk. Besides participating in many parades, the bands also give an annual concert.

The Junior High Chorus is composed of members from the Seventh, Eighth, and Ninth grades. The Junior High Chorus participates in the Christmas Program and the Spring Concert. Both choruses are under the direction of Mr. Day.

The Girl's Ensemble is composed of girls from the Sophomore, Junior, and Senior classes. The group sings both sacred and secular music. On several occasions, the group has sung for special church services. This is the second year for the Ensemble. This group, under the direction of Mr. Day has contributed greatly to the refinement of our school.

Each year Mr. Day selects a group of boys from Senior High Mixed Chorus to compose a Glee Club. The boys usually sing at special banquets and dances in the community. This year the Ensemble and the Glee Club joined together to present an Easter program.

The Majorettes are composed of four girls, attractively attired in gay costumes that lends color to the band and movement in their performances. They are the connecting link between the band and spectators. Their devotion to the band rehearsal is a credit to the organization.

The Key Club is an organization composed of twenty-four boys in the Senior High School. The purpose of the club is to promote public service. This is one of the fine Christian organizations of our school. We hope that this organization will continue in the following years.

The Radio Club is one of the organizations most of us would like to belong to, but we always feel there is so much to catch up with in order to make it a successful activity. This is one of the truly good hobbies most anyone could develop. In the future of our country we will need many people in this field. Good luck boys in your tinkering and may you have many more companions next year.

The function of the Junior High Student Council falls into three main categories. The first of these functions is to advance student activities. These activities could be the support of dances, pep rallies, cultural activities and programs for special occasions. It is also hoped that the ideals of good citizenship in and out of school can be advanced. The last function is to carry on traditions of the school that best serve the needs of the students.

The Wildcat Staff is composed of students who have an interest in journalism. This school publication has two objectives — to keep the student body informed about school activities and to develop in each staff member the ability to write and to report accurately school events.

The staff consists of 32 reporters. Each strives for perfection in his articles. The newspaper is printed by the Ozalid process. Dennis Shirk was editor and Jeanne Bidlack was co-editor for this year's publication.

Activities Summary

The Library Club will be honored on May 3, to have the annual T.A.L.A. Convention made up of 13 schools from Central Pennsylvania. This year Sue Evans is the secretary of the convention. This is the first time this convention has been to our school.

Library assistants work in the library activity periods, during study periods, or during their elective class period. Their jobs consist of shelving books, checking cards, working at the desk, taking inventory, mending books, cleaning shelves, plus other similar jobs. One of the rewards of their work will be when members attend a banquet in the sprina

Miss Oldt, our able librarian, has brought efficiency to our work. She has stated that this year more seniors have participated in the Library Club than ever before.

The Tri-Hi-Y is a group of girls who are willing to do things for others and lead a Christian life The Tri-Hi-Y's purpose is: "To create, maintain, and extend throughout the home, school, and community, high standards of Christian character." Under the capable leadership of Miss Myrtle Thompson and Miss Betty Boop, we had a successful year

We have had many projects throughout the year of 1961-62. Among these were: a Halloween float, Thanksgiving program in the Gym, a tea for our mothers. Christmas Dance, candy for Baker's Convalescent Home, Christmas Party for underprivileged children, Christmas Tree in our High School, Bake Sale, and Teen Talks under the direction of Pastor Logan of New Berlin.

The Business Club is a club to promote future business men and women of America. It is an organization used to promote these purposes: to develop competent, aggressive business leadership; to create more understanding and interest in choosing business occupations; to develop character, train for useful citizenship and foster patriotism; and to establish and improve standards for entrance upon store and office occupations.

The Future Homemakers of America is an organization that is interested in working toward a better home and family of the future. They learn to work together to solve many problems for the future. The F.H.A. participates in many activities, exhibits at fairs, gives demonstrations, plans bulletin boards, presents fashion shows, and engages in competitions. It is one of our better known clubs, ful-filling the needs of the students.

The Future Farmers of America is composed of students devoting their scholastic abilities toward increasing their knowledge of agriculture. It is a non-profit, non-political and non-sectarian farm youth club of voluntary membership. The national organization was created in November 1928. The Mifflinburg Chapter was organized on November 25, 1930.

Many and varied activities are found in the vocational agriculture department. These activities include the classroom, the agricultural shop, home and the farm, and the Mifflinburg Chapter of the Future Farmers of America.

Instruction is based upon the supervised farming program. Their organization is proud enough to include many activities which provide non-agricultural learning. With this varied program Rural Leadership becomes the final product of the Future Farmers of America.

Wildcat Sports 61-62

FOOTBALL

Mifflinburg High School Wildcats ended the 1961 football season by bending the knee to the Warrior Run squad. This game marked the end of the football road for no less than nine senior Wildcats. Linemen included George Bilger, Roger Leitzel, Wayne Lauver, Tom Peachey and Bill Snyder. Two backs that will be missed are Roger Dunkle and Larry Zeller. However, a strong group will be among the returnies and the coaching staff is confident that the 3-7 record will be improved upon.

BASKETBALL

Mifflinburg Joint High School boys Basketball team completed the 1961-62 season with a record of 15-6. The First Half found the team tie for first place with a play-off against South Williamsport. The latter team took the championship, but the Wildcats made a good showing. The 15 wins enabled the charges of Charlie Seiger to finish the season with a most creditable record. This record places the 1961-62 team among the best in school history. The fact that all but one of the Wildcats, Dennis Shirk, will be back for another campaign a year hence augurs well for their chances in 1962-63.

WRESTLING

Wildcats completed their final match with a win over West Snyder which was a non-league contest. Coach Robert Lynch looks forward to improving this years record of 3-7 with next year's team. Seniors who will be leaving the team this year are Dale Maurer, Bill Pontius, Tom Peachey and Barry Endy. One important win of the team was the defeat of Lewisburg. This win enabled the Wildcats to keep the brown jug.

BASEBALL

In the beginning of the season Mifflinburg proceeded to set a torrid pace as they moved along in their drive for top honors. The Mifflinburg Wildcats deserve a lot of credit since they do not have the team to be in contention for the championship. The team represented a fine example of what average ability and determination can accomplish. The coming season may be regarded as a crucial one for the Evanko forces. Seniors who will be leaving the team in 1961 are John Watson, Herb Weaver, Phil Snook, Jim Smith, Terry Dersham, Don Camp and Ken Walters.

JUNIOR VARSITY and VARSITY CHEERLEADERS

Due to the encouragement of the Varsity and Junior Varsity Cheerleaders, our boys have succeeded in winning in competitive sports throughout the year. These girls show fine examples of sportsmanship which have influenced the spectators. Their new cheers and new uniforms have contributed to the widespread popularity of this group.

History of Sports

by

Dennis Shirk

The Athletic Association was organized by Professor Frank P. Boyer in the fall of 1923. It's aim was to promote a program of sports for all students who were anxious to participate in group contests.

In 1929 Professor Thomas had his hands full when he was coach of the baseball team, football team, and both the boy's and girl's basketball teams. In 1929 Mifflinburg also had tennis teams for boys and girls. Professor Boyer coached the Boys team and had a very successful year.

Mr. Haney started coaching the baseball team in 1932 and a soccer team was introduced under the direction of Professor Rexrode.

Mr. Haney also coached the football team in 1932.

1933 saw the Mifflinburg basketball team coached by the one and only Mr. Haney.

The basketball season of "34" will long be remembered because the team not only won the Susquehanna League championship, but also defeated many non-league opponents. 1934 was also the third straight year that the girls won the league championship in basketball.

In 1935 Van Graham started coaching the soccer teams until 1944 when Mr. Stevens took over. During the previous years, Coach Rexrode produced many winning teams. Soccer took the place of football until 1947.

Stanley Schatz coached baseball, basketball, and football in 1947. Until this time Mr. Haney was coaching the basketball and baseball teams and doing it very well.

In "49" Mr. Young coached football, basketball and also the new girls softball team. Until 1949 basketball was the only sport for girls.

The J.V. football in "52" had a perfect record of 6 wins, under the coaching of Mr. Bashore. Also in "52" the Varsity basketball team placed second in the Susquehanna League.

1954 saw the high school student body moving into their new school building. A new sport in "54" readily gaining recognition in the students' eyes was wrestling. Mr. Reeder was the first coach of this sport.

From 1954 to the present, Mifflinburg High School has successfully tried to promote interest in all fields of athletics. As a good example of this success, Mifflinburg won the West Branch Conference Football Championship, the Susquehanna League Basketball Championship, and the Susquehanna League Baseball Championship in 1957. The wrestling team that year finished second to Bald Eagle Nittany in the league competition.

History of Sports

Again in "61" the girls showed their athletic ability when they won the Softball Championship.

Through the years Mifflinburg High School has produced championship teams in all phases of sports. From the beginning of the athletic program to the present, Mifflinburg can be proud of its fine record of winning teams. Of course not all teams can be champions, but you can be sure that a Wildcat team will always put up a struggle and will always do its best when the chips are down, — but let us not forget the heart of any team, the Coach.

Mifflinburg High has had fine coaches, such as, Rexrode, Haney, Thomas, Dersham, Peters, Candrick, Bashore, Graham, Reeder, and many others. All these men gave the utmost of their knowledge to their respective sport, whether it be Basketball, Baseball, Soccer, Wrestling, Football, Softball, etc.

This article has lightly discussed the athletic achievements of M.H.S. from 1931 to the present. It has named but a few of the many coaches and different teams. From Mifflinburg's past record one would say that Mifflinburg has always had and will continue to have a very fine athletic program for its students.

The class of 1962 wishes to thank all persons, involved directly, or indirectly for giving us the finest physical education program that was possible.

Class History - The Schoolhouse Speaks

Far across the country side the sharp ding-dong of my bell slowly fades away into the distance. From every nook and cranny of the land, children pour forth to greet me. For I am the school; I am the voice of the class of sixty-two. And here is my story.

Oh! Here come those kids again. That "first grade look" hasn't changed. It's about time these students get back, I have been sitting here, alone all summer. As the year moved on I can see these students weren't any worse than any of the other classes. During the winter recesses they had the usual ice skating, sled riding, and of course, snowball battles which usually extended the recess period. By the end of the year they knew their basic reading, writing and arithmetic.

The next two years the students helped their growing up process by carrying water, building fires, and helping the lesser lights in the classes. The lock-out day on Ash Wednesday had real excitement, (it's not done anymore.) The teacher expected it and always had a plan of action. There were so many pranks to make a day interesting.

We finally sent most of them on to fourth grade and to new buildings, while all of us one room schools went where all good schools go.

Here the fourth graders actively met new found friends, gained knowledge, (we hope), began to eat the ???? in the dining room, had a mock wedding, and had even censored the rest of the fourth and fifth grade history.

In sixth grade they were now the big shots of the elementary schools so they thought they could dip pigtails in inkwells, run up and down the steps, produce plays, and of course, many did duty with the school patrol.

Finally in the seventh grade they are all under one roof. How big they thought I was. The first year was spent learning where all my rooms were, the teachers names, remembering locker keys, and being on time.

What a chow line and what misery man suffers to satisfy their stomachs. Those history tests from Mr. Bowes will long be remembered. The students needed school spirit, so they learned the school cheers! And then the day arrived when it was learned that their photos were to be in the yearbook.

In the eighth grade, some confidence was gained, but this was offset in various conspiracies against several of their beloved teachers. The first of such operations began with the distillation of water as a science project. The water sample was very unusual; it came from

Class History - The Schoolhouse Speaks

barnyard runs and even included a touch of a dead dog. Mrs. Munson was sure one added three purifying tablets instead of one, to the pint of water. The end result was a deathly sick teacher leaving the room. The social life was fostered by dances attended, wall flowers were very much in vogue at this time.

Choosing their future courses was a great freedom after eight years of dictatorship. Diplomacy was the order of the day. Their future was at stake, and momentous decisions were in the making. They have arrived, they are a part of the future, from now on its "A's" and study.

Initiation day has dawned. Here comes those "aren't we wonderful" seniors. It was push-ups, push-downs, sit-ups, sit-downs, say hello, say good-by, talk, don't talk, do this, do that, etc., etc., etc. You poor sophomores, and to top it all the teachers said, "Why are you late for class?"

Class officers were elected in their first official election. At last they are organized to fight the seniors and every other obstacle confronting them. Puppy love was left behind for the more sophisticated life. To raise money, Mother's Day cakes were sold. Their first big dance was "The Sophomore Hop". They seemed so happy.

The Junior Year they had another election with hopes of an aspiring group of class officers. The symbols, formulas and theories went on until chemistry became a carousel but the joy came when there was something destructive to do, like smelling up the place, burning holes in their clothing, and general sabotage. The closest thing they came to though, was exploding Mn02, spilling over students and over the walls of Miltenberger's domains. If you want to get rich, sell magazines, it was an easy source of much-needed revenue.

The prom, a lot of work but worth it, was wonderful. The juniors were dazed, the seniors amazed. I liked them both. In the delayed May Day program Carol Catherman sweated it out as May Queen, and presented the seniors with the trophy; with those juniors a close second.

A final election. A shrewd political manuvering brought the Seniors a new set of officials. The Nautilus staff was chosen and the real work began.

You seniors spent money like mad. Pictures, name cards, gas, graduation announcements, and this was only the beginning. This year you presented the Winter Stock Production, "Doctor's Orders", which was directed by Miss Oldt. It was fun, educational and profitable. Plans for the Senior Class trip were made, so-o-o-o educational!

One day Mrs. Munson attempted suicide by swallowing something that looked like a horse fly, and she has been hoarse ever since! I under-

Class History - The Schoolhouse Speaks

stand that they are planning a great class day. Hmmmmmm I can't seem to remember anything else. I hope this history is clear. My emotions are slowing me. By the way, I heard most of your fellow classmates say that they appreciate those teachers and friends that have helped them on their way through school. Good-by class of 62 and God speed you on your way.

Senior Will

It was a lovely spring day in that year of 2002. Groups of people struggled through the creaky, loose hung entrance doors of that once noble structure the Western Area Joint High School. It was such a thrilling sight to see them come with youth in their eyes and old age pension information on their persons. Who were they? They were the seniors of 1962. This was to be their day, the day for the final reading of the Last Will and Testament.

As they filed past the office a familiar noise boomed "Can't you people be a little quiet?" Oh that sweet reminder out of the past, it couldn't be, it just can't be, why it is Mr. Young. Everyone stopped with a look of glazed joy in their faces. This wasn't entirely an illusion, it was Mr. Young's son Gene, furthering his fathers unfinished work. We had long ago learned that Mr. Cameron had loafed away many happy years basking in the Florida Sun with two nurses at his command for his every wish.

We now approached the entrance to the library. Mr. Roger Leitzel tried to open the door, how futile were his attempts. What can we do? The mighty Mr. Ralph Dietrich now stepped forward. As he approached, the doors vibrated violently upon their hinges, as he put his shoulder to the door. There is a loud crack. After the dust clears we see Mr. Dietrich, peering through the window in the door at his fellow alumni. My how different he looked reclining on the floor.

After everyone was seated, Mr. Dennis Shirk, official president of the class of 1962, called the meeting to order. The former, Miss Carol Lynch, now the mother of seven children, reads the minutes of the last meeting held before graduation. Then, the former Miss Ruby Whitmyer, reads the Treasurer's report. Now all attention is given to Mr. Dennis Shirk as he reads the seniors contribution to the school and how we fulfilled our destines.

Last Will and Testament

The last will and testament of the Senior Class of County of Union, State of Pennsylvania, made and published this seventh day of June in the year of our Lord, One thousand nine hundred and sixty two. In the name of God, Amen. We the Senior Class being of age to graduate and of sound and disposing mind and memory, do hereby make, publish, and declare, this our last will and testament. We hereby nominate and appoint the last official elected officers of the Senior Class, to be the executor of this one last will and testament. In witness whereof we have hereunto subscribed our secretary's name and set our seal this day.

Carol Lynch
Secretary
Class of 1962

94. Larry Zeller's marriage to the Lonely Hearts Club.
95. Linda Zimmerman's laugh to Miss Oldt.

In Memoriam

JAMES ARTHUR BOWES

Only with great humbleness can we say "he was my teacher." This was the least of his works. On the battlefield, in the schoolroom, and in his philosophy of living. James Arthur Bowes sincerely served his fellow man. Our future will be richer for having been in his company.
